LEOPOLDVILLE, the Congo (AP) — Premier Patrice Lumumba was taken into custody by the army late Monday, but three hours later he was released.

Arrested under a warrant late in the afternoon, Lumumba reappeared on downtown streets at 3:30 p. m.

He penetrated the cordon around Leopoldville radio station now under United Nations control, and demanded that he be allowed to speak.

Ghana soldiers said they had orders to fire if he tried to get into the station.

President Joseph Kasavubu had named a new government to replace Lumumba's Communist-backed regime.

U.N. troops at gun point thwarted Lumumba's desperate attempt to seize control of the Leopoldville radio station Sunday. It was a blow to his prestige and pride.

Across the Congo River in Brazzaville, African officials of the former French Congo colony stopped two Lumumba delegates from transferring from a U.N. plane to a commercial airliner that was to take them to New York. They planned to present Lumumba's case before the Security Council.

The officials were Thomas Hamza, the Congo's minister to the United Nations, and Jacques Lumumba, a left-winger who has the title of secretary of state for the presidency.

Both were returned to Leopoldville while another delegation sent by President Joseph Kasavubu was flying to New York. Kasavubu asked the United Nations to consider his delegation headed by Foreign Minister Justin Bomboko as representing "the legal government" of the Congo.

Toward the end of what was one of the most trying days in Lumumba's career, Congolese army commander Gen. Victor Lundula led 80 soldiers to the Leopoldville airport where he offered them to the service of the local U.N. commander, a Sudanese colonel.

The men, wearing helmets with camouflage nets, laid down their arms and received brooms instead to sweep the airport hangars.

Lundula, who had the rank of sergeant two months ago, took them into the airport shortly after he had watched the premier's helpless rage before the cordon of U.N. troops barring access to the radio station.

U.N. officials said that peace was returning rapidly to the blood-soaked southeastern areas of Kasai province, and the border of secessionist Katanga province.

The U.N. command announced a truce in the bloody civil strife between Lumumba soldiers and hostile Bahutu tribesmen, aided by partisans of Kasai secession.

A 14-officer U.N. team was sent to the area Sunday to supervise the truce.

UN Council Braces for Big Fight

By WILLIAM N. OATIS

UNITED NATIONS, N.Y. (AP) — The U.N. Security Council lined up today for a possible fight on which Congolese delegation to hear — President Joseph Kasavubu or Premier Patrice Lumumba.

The rival leaders have named delegations to a council meeting on the Congo. There was a possibility that the meeting would be postponed if one of the delegations should be late.

The Belgian radio reported that Abbe Fulbert Youlou, president of the neighboring Republic of the Congo, a former French colony, prevented the Lumumba delegation from boarding a plane in his capital, Brazzaville, while permitting the Kasavubu delegation to proceed to New York. Airports in the Congo have been closed by the U.N. except to U.N. traffic.

Diplomats generally expected the Soviet Union would object to the 11-nation council hearing Kasavubu's representatives. Some speculated that if this happened the United States would object to its hearing Lumumba's people.

Rand Case Is Appealed to High Court

LITTLE ROCK (AP) — Mrs.

Virginia Rand's attorney told the Arkansas Supreme Court today that her eight-year sentence for killing the man she state claimed was her lover should be set aside.

Jeff Duty of Rogers declared that the prosecuting attorney commented in his closing remarks to the jury about failure of the 40-year-old mother to testify at her trial for the fatal shooting of H. V. (Buddy) Clark in the bedroom of her Rogers home Aug. 9, 1959.

Duty said the comment was ground to have the conviction reversed although he said it did not appear in the trial record.

Assistant Atty. Gen. Thorp Thomas, appearing for the state, conceded that the remark, if made, was possible reversible error.

Mrs. Rand, an attractive brunette mother of two children, attended the oral arguments before the Supreme Court.

Part of the arguments hinged on admissibility of testimony about telephone calls which Mrs. Rand allegedly made without identifying herself and of some unsigned letters and cards.

Circuit Judge Maupin Cummings allowed the testimony but later admonished the jury to disregard it.

Thomas told the court that the admonition removed any possibility of inadmissible evidence.

The Supreme Court took the appeal under submission, that means that an opinion could be handed down as early as next Monday.

Rail Strike Ends After Twelve Days

By LEE LINDER

PHILADELPHIA (AP) — Negotiators today hammered out settlement ending the 12-day-old strike that had stopped the entire Pennsylvania Railroad for the first time in 114 years.

Leaders of the 20,000 strikers, members of two nonoperating unions, said they were delighted with the agreement reached after 15 hours of almost continuous pace talks. The settlement ended a dispute over work rules and job security that began in mid-1957. Wages were not an issue.

Six hours after the agreement both the Transport Workers Union and System Federation announced that their locals had ratified it.

PRR spokesman also expressed satisfaction.

'Hope' Plan Is Adopted By Rotary

The city of Hope has a golden opportunity to gain international fame.

It would be while helping with the departure of the SS Hope, a vessel of mercy scheduled to sail for Southeast Asia from San Francisco, Calif. Sept. 23.

A recent letter to Hope Rotary President Ray Lawrence from J. H. Greene of Little Rock, a fellow Rotarian and a former resident of this city, carried the suggestion that Hope citizens send \$1.00 each to Project Hope, each in a separate envelope with some special identification as coming from Hope, Ark.

The SS Hope is a 15,000 ton former hospital ship from the Navy's mothball fleet, and it is a floating medical training center that will be the cornerstone of Project Hope. HOPE stands for Health Opportunity for People Everywhere. It is a privately sponsored program to share the American medical knowledge with newly developed countries.

Dr. William B. Walsh of Washington, D.C., will head the project. He is a heart specialist who served as a medical officer on a destroyer in the Pacific during World War II. Walsh said that Project Hope is essentially a teaching program, although some treatment will be given. He explained that in many nations that have been free a short time there is hunger, illness, and poor health.

From there you go to poverty. From poverty it is a short step to despair, and from despair to Communism.

Cost of the project is estimated at \$3,500,000 a year, and the money is being raised from private contributions by groups and individuals. The government's only role was to lend the hospital ship — a decision made personally by President Eisenhower. American President Lines is operating the SS Hope at cost. American drug and pharmaceutical companies are supplying drugs and medicines. The American Petroleum industry is giving the fuel needed for the ship.

Personal contributions with the postmark "Hope" would be most significant. The Hope Chamber of Commerce can mark each envelope with "Our Faith is in Hope," so everyone interested is asked to put a dollar in an envelope and leave it at the Chamber of Commerce Office. After the proper identification is placed on them, these envelopes will be mailed to Dr. Paul Spangler in Seattle, Wash., as he will be the top medical man aboard the SS Hope. Dr. Spangler is a retired Navy captain and Pearl Harbor hero.

The plan was presented to the Hope Rotary Club last Friday, and it received the whole-hearted approval. Other citizens who want to help with Project Hope send or take \$1.00 to the C of C office as soon as possible. The SS Hope sails next week on Sept. 23.

West Germany Hitting Back at E. Germany

By CARL HARTMAN

BERLIN (AP) — The Western powers are hitting back at Communist harassment of West German travelers to East Berlin. The situation of travel papers in East Germany has been restricted.

A spokesman said the whole question of giving travel facilities to East Germans is under review. Travel restrictions have been in effect since Friday, the day after the new Communist restriction became effective.

That was taken to mean that only East Germans with very urgent reasons for travel are being helped on their way by Western officials.

East Germans wanting to travel through countries which are members of the North Atlantic Treaty Organization must get a passport known as a "temporary travel document" from the Allied travel office. This is because the Western powers do not recognize the East German government and will not accept its passport. Armed with the temporary document the would-be traveler can apply to the countries concerned for a visa.

The number of applications varies considerably. Some days there are only a few, other times there are dozens. There were about 20 today.

Any restriction could only be of a nuisance value because Communist officials can travel by other routes to countries ready to offer them hospitality.

The idea of an official embargo on trade with East Germany is expected to be discussed by the Bonn Cabinet at a special session.

The ban would be intended to strike back at the Communists for their blows at West Berlin. They have barred West Germans from the eastern part of the city unless they get special permits. Sunday they also arrested and threw out two West German newspaper reporters.

Proposals to hit back at the Communist pocketbook came up whenever the Reds put the squeeze on this isolated city. But trade between East and West Germany has grown steadily since 1952, despite the fact that the West German Federal Republic refuses to recognize Moscow.

Residents Are Warned This Is Worst Storm

By THE ASSOCIATED PRESS

Hurricane Donna, ripping its way north, struck today at metropolitan New York. The southern Connecticut coast was ordered evacuated. The Weather Bureau in Boston warned that it may be the most damaging storm ever to hit New England.

Thousands were evacuated from Long Island's south shores. The Weather Bureau said the storm was moving at 35 miles an hour on a course which would take it off the tip of Long Island 100 miles east of New York City sometime this afternoon.

New York City itself was feeling stiff fringe effects of the storm.

Trees and utility wires were toppling on Long Island's south shore before noon.

The New York Weather Bureau said the storm's center was 70 miles "straight east" of Atlantic City, N.J., shortly before noon.

The storm pounded into the metropolitan area after wreaking death and destruction on an erratic path that took it across Puerto Rico, the Florida Keys, back across Florida and the eastern edge of North Carolina and Virginia.

The storm had accounted for at least 134 deaths before striking in the metropolitan area, 120 of them in the Caribbean Islands.

Donna whipped winds of 115 miles an hour in North Carolina's coastal area, hitting Morehead City, Wilmington's beaches, New Bern and Washington, and then swung to sea again in the Bluffs, both City areas.

A number of communities were isolated. Small buildings were demolished and others unroofed. Fallen trees blocked highways.

The storm buffeted the Hampton Roads area of Virginia from midnight until after 6 a. m., causing havoc similar to that in North Carolina.

The coastlines of Maryland, Delaware and New Jersey were next to feel the effects.

Even before the storm reached the New England area, Arthur West, 70, collapsed and died while trying to secure his cabin cruiser at Lynn, Mass.

NEW YORK (AP) — Hurricane Donna's advance fringe smashed into this heavily populated metropolitan area today with high winds and heavy rain.

Eastern Long Island and southern New England were in the path of the raging storm, one of the most destructive hurricanes in years. Four thousand residents of Fire Island, off Long Island's south shore, were evacuated.

The Weather Bureau here warned against high tides and flooding of coastal areas and highways. It said flooding might be as far as 100 miles inland.

SECTION 5. POWERS OF COMMISSIONER IN INVESTIGATIONS OF CONDITIONS OF EMPLOYMENT. The Commissioner or his authorized representative shall have authority to:

(a) enter and inspect the place of business or employment of any employer in the State, for the purpose of examining and inspecting any or all books, registers, payrolls, and other records of such employer that in any way relate to or have a bearing upon the question of wages, hours, and other conditions of employment of any employees; copy any of such books, registers, payrolls, and other records as he may deem necessary or appropriate; and question such employees for the purpose of ascertaining whether the provisions of this Act and regulations issued thereunder have been and are being complied with; and

(b) require from such employer full and correct statements in writing, including sworn statements with respect to wages, hours, names, addresses, and such information pertaining to his employees as the Commissioner or his authorized representative may deem necessary or appropriate.

SECTION 6. ADMINISTRATIVE

REGULATIONS. For any occupation, the Commissioner, after consultation with the members of an advisory board appointed by him and composed of an equal number of not more than three representatives each of employers and employees in the occupation and not more than three disinterested persons representing the public, shall make and revise such administrative regulations, including definitions of terms, as he may deem appropriate to carry out the purposes of this Act or necessary to prevent the circumvention of evasion thereof and to safeguard the minimum wage rates thereby established. Such regulations may include, but are not limited to, regulations defining and governing outside salesmen, learners and apprentices, their number, proportion, and length of service; part-time pay; piecework pay; bonuses; special pay for special or extra work; permitted charges to employees for allowances for meals, lodging, apparel, or other facilities or services customarily furnished by employers to employees; such allowances for each employee not to exceed fifty cents per day for meals and one dollar per day for lodging; allowances for gratuities; and allowances for such other special conditions or circumstances which may be usual in a particular employer-employee relationship. Regulations or revisions thereof issued by the Commissioner pursuant to this section shall be made only after a public hearing by the Commissioner, subsequent to publication of notice of the hearing, at which any person may be heard. Such regulations or revisions shall, except as may otherwise be provided by the Commission, take effect upon publication. The Commissioner may pay the members of an advisory board as compensation for their services a reasonable per diem, in accordance with such regulations as he may prescribe, for each day on which they attend a meeting of the board or for each day they spend in the work of the board, and may in addition reimburse them for their necessary traveling expenses.

SECTION 7. HANDICAPPED WORKERS. The Commissioner may provide by regulations, after public hearing at which any person may be heard, for the employment in any occupation of individuals whose earning capacity is impaired by age or physical or mental deficiency or injury to not less than a wage rate lower than the minimum wage rate provided in Section 3 as he may find appropriate to prevent curtailment of opportunities for employment, to avoid undue hardship, and to safeguard the minimum wage rate under this Act. No employee shall be employed at a wage rate permitted pursuant to this Section except under a special license issued under applicable regulations of the Commissioner.

SECTION 8. WAGE RATES FOR LEARNERS AND APPRENTICES. For any occupation, the Commissioner may provide by regulation, after a public hearing at which any person may be heard, for the employment in such occupation of learners and apprentices at not less than a wage rate lower than the minimum wage rate provided in Section 3 as the Commissioner may find appropriate to prevent curtailment of opportunities for employment, to avoid undue hardship, and to safeguard the minimum wage rate under this Act. No employee shall be employed at a wage rate permitted pursuant to this Section except under special license issued under applicable regulations of the Commissioner.

SECTION 9. KEEPING OF RECORDS. Every employer subject to any provision of this Act or of any regulation issued under this Act shall make, and keep for a period of not less than three years in or about the premises wherein any employee is employed, a record of the name, address, and occupation of each of his employees, the rate of pay, and the amount paid each pay period to each such employee, the hours worked each day and each workweek by such employee, and such other information as the Commissioner shall prescribe by regulations for the enforcement of the provisions of this Act or of the regulations thereunder. Such records shall be open for inspection or transcription by the Commissioner or his authorized representative at any reasonable time. Every such employer shall furnish to the Commissioner or to his authorized representative on demand a sworn statement of such records and information upon forms prescribed or approved by the Commissioner.

SECTION 10. POSTING OF LAW. Every employer subject to any provision of this Act or of any regulation issued under this Act shall keep a summary of this Act, approved by the Commissioner, and copies of any applicable regulations issued under this Act, or a summary of such regulations, posted in a conspicuous and accessible place in or about the premises wherein any person subject thereto is employed. Employers shall be furnished copies of such summaries and regulations by the State on request without charge.

SECTION 11. JUDICIAL REVIEW. (a) Any interested person in any occupation for which any

administrative regulation has been issued under the provisions of this Act, who may be aggrieved by any such regulation, may obtain a review thereof in the Circuit Court of Pulaski County by filing in such court within twenty days after the date of publication of such regulation a written petition praying that the regulation be modified or set aside. A copy of such petition shall be served upon the Commissioner. The finding of facts, if supported by substantial evidence, shall be conclusive upon the court. The court shall determine whether the regulation is in accordance with law. If the court determines that such regulation is not in accordance with law, it shall remand the case to the Commissioner with directions to modify or revoke such regulations. If application is made to the court for leave to adduce additional evidence by an aggrieved party, such party shall show the satisfaction of the court that such additional evidence is material, and that there were reasonable grounds for the failure to adduce such evidence before the Commissioner. If the court finds that such evidence is material and that reasonable grounds exist for failure of the aggrieved party to adduce such evidence in prior proceedings, the court may remand the case to the Commissioner with directions that such additional evidence be taken before the Commissioner. The Commissioner may modify the findings and conclusions, in whole or in part, by reason of such additional evidence.

(b) Hearings in the Circuit Court on all appeals taken under the provisions of this Act shall be privileged and take precedence over all matters, except matters of the same character, the jurisdiction of the court, shall be exclusive and its judgment and decree shall be final except that the same shall be subject to review by the Arkansas Supreme Court.

(c) The commencement of proceedings under subsection (a) shall not, unless specifically ordered by the court, operate as a stay of an administrative regulation issued under the provisions of this Act. The court shall not grant any stay of an administrative regulation unless the person complaining of such regulation shall file in the court an undertaking with a surety or sureties satisfactory to the court for the payment to the employees affected by the regulation, in the event such regulation is affirmed, of the amount by which the compensation such employees are entitled to receive under the regulation exceeds the compensation they actually receive while such stay is in effect.

SECTION 12. PENALTIES. (a) Any employer who hinders or delays the Commissioner or his authorized representative in the performance of his duties in the enforcement of this Act, or refuses to admit the Commissioner or his authorized representative to any place of employment, or fails to make, keep and preserve any records as required under the provisions of this Act, or falsifies any such record, or refuses to make any such record accessible to the Commissioner or his authorized representative upon demand, or refuses to furnish sworn statement of such record or any other information required for the proper enforcement of this Act to the Commissioner or his authorized representative upon demand, or fails to post a summary of this Act or a copy of any applicable regulations as required by Section 10 of this Act, or pays or agrees to pay minimum or overtime wages at a rate less than the rate applicable under this Act, or otherwise violates any provision of this Act or of any regulation issued under this Act, shall, upon conviction therefore, be deemed guilty of a misdemeanor and shall be fined not less than \$100 nor more than \$1000. For the purposes of this subsection, each violation shall constitute a separate offense.

(b) Any employer who discharges or in any other manner discriminates against any employee because such employee has made any complaint to his employer, to the Commissioner, or his authorized representative that he has not been paid minimum or overtime wages in accordance with the provisions of this Act, or because such employee has caused to be instituted or is about to be instituted any proceeding under or related to this Act, or because such employee has testified or is about to testify in any such proceeding shall upon conviction therefore, be deemed guilty of a misdemeanor and shall be fined not less than \$200 dollars nor more than \$2000 dollars.

SECTION 13. EMPLOYEES' REMEDIES. (a) Any employer who pays any employee less than the minimum or overtime wages to which such employee is entitled under or by virtue of this Act, shall be liable to such employee for the full amount of such wages, less any amount actually paid to such employee by the employer, and for costs and such reasonable attorney's fees as may be allowed by the court. Any agreement between such employee and the employer to work for less than such wages shall be no defense to such action.

(b) At the request of any employee paid less than minimum or overtime wages to which he is

entitled under or by virtue of this Act, the Commissioner may take an assignment of such wage claim in trust for the assigning employee and may bring any legal action necessary to collect such claim, and the employer shall be required to pay the costs and such reasonable attorney's fees as may be allowed by the court.

SECTION 14. RELATION TO OTHER LAWS. (a) As of the date of enactment of this Act, Arkansas Statutes 81-613 through 81-619 (1947) relating to minimum wages of female workers, are repealed.

(b) Any standards relating to minimum wages, maximum hours overtime compensation, or other working conditions in effect under any other law of this State or under any law of the United States on the effective date of this Act which are more favorable to employees than those applicable to such employees under this Act or the regulations issued hereunder, shall not be deemed to be amended, rescinded, or otherwise affected by this Act but shall continue in full force and effect, and may be enforced as provided by law unless and until they are specifically superseded by standards more favorable to such employees by operation or in accordance with regulations issued under this Act.

SECTION 15. RIGHT OF COLLECTIVE BARGAINING. Nothing in this Act shall be deemed to interfere with, impede or in any way diminish the right of employees to bargain collectively with their employers through representatives of their own choosing in order to establish wages or other conditions or work in excess of the applicable minimum under the provisions of this Act.

SECTION 16. SEPARABILITY. If any provision of this Act, or the application thereof to any person or circumstances, is held invalid, the remainder of the Act and the application thereof to other persons or circumstances shall not be affected thereby.

SECTION 17. SHORT TITLE. This Act shall be known as the "Arkansas Minimum Wage and Overtime Act."

SECTION 18. EFFECTIVE DATE. This Act shall be in full force and effect from and after its adoption by a majority vote of the electors, voting on the question of the adoption of said Act, cast in the general election in which said Act is submitted to vote of the people.

U. S. Power Policies Criticized

HOT SPRINGS, Ark. (AP)—The general manager of the National Rural Electric Cooperative Association severely criticized the national administration's power policies today.

Clyde T. Ellis of Washington told 400 delegates to a meeting of the association's 8th Regional that "Most of our progress has been made despite the administration and not because of its policies."

Ellis said the administration's announced program regarding multipurpose dams and other resource development is "no new starts."

"The Federal Power Commission killed the major benefits of the St. Lawrence and Niagara power facilities," he said, "and the administration tried to send you to wall street for loan funds."

"It told Congress that the REA interest rate should be increased under a formula that would double or triple it," he added.

Ellis said the word "partnership" was used by the administration "to cloak an official policy of giving away Hell's Canyon and other dam sites for power company's exploitation and underdevelopment."

Indians Help Yanks Extend Lead to Game

By JACK HAND
Associated Press Sports Writer

To the por Indians. If the New York Yankees win the American League pennant they can thank the Cleveland Indians for their unwilling cooperation.

By sweeping a Sunday doubleheader from Cleveland 5-0 and 3-2 in 11 innings, the front-running Yankees made it nine in a row over the Indians, 16 out of 22 for the year and 11 of their last 12 meetings. To other club in the league, including the Kansas City A's, has been such a palsy.

The Yankees lengthened their lead to one full game over Baltimore despite the Orioles' 4-0 conquest of Kansas City with the help of 40-year-old Dave Philley. The veteran, acquired from San Francisco about 10 days ago, collected three hits, including a homer, and drove in three runs.

Chicago stuck in there, winning a pair from Boston, 5-3 and 1-0, with coach Tony Cuccinello doing the managing instead of ailing Al Lopez, who was suffering from a virus infection. Billy Pierce needed help to hold the opener, safe but Early Wynn went all the way with a six-hit shutout in the second game.

Harmon Killebrew hit three home runs for Washington but Detroit grabbed both ends from the Senators 9-3 and 8-5. Killebrew had one homer, and a single and double in the first game and drove in all of Washington's runs in the second game.

Pittsburgh was rained out of a doubleheader with Chicago but kept most of its National League lead intact. St. Louis crept up a half game by beating Philadelphia 7-3 but still trailed by 6½ games. Los Angeles blanked Milwaukee 2-0, dropping the Braves 7½ behind the Pirates. Cincinnati edged San Francisco in the first 2-1 but the Giants took the second 3-2.

Ralph Terry pitched the first game for the Yanks at Cleveland, turning in a neat five hitter while Hector Lopez and Roger Maris slammed home runs off Jim Perry.

Mickey Mantle's 34th home run won the second game in the 11th after each club scored once in the 10th.

Fine relief pitching by Mike Garcia and Frank Baumann helped Pierce in the opener against Boston after Chicago jumped off to a 4-0 lead in the first two innings.

Frank Larry struggled out of a pitching slump and ended a six-game Detroit losing streak in the opener with Washington. Dick Gernert, newly acquired first baseman, drove in two runs that brought the Tigers from behind. Al Kaline hit a grand slam homer in the second game.

Texas Tech Games Will Count Now

(This is another in a series discussing Southwest Conference football prospects)

Lubbock, Tex. (AP) — Texas Tech's dress rehearsal is over and the Red Raiders play in the "big show," the Southwest Conference football race, for the first time. In their final "interim session," after resigning from the Border Conference but before competing in the Southwest Conference race, the Raiders compiled a 1-4 mark against Southwest foes. Three of those losses in 1959 could have gone either way and were decided by the margin of a touchdown and conversion or less.

Coach DeWitt Weaver figures the Raiders are stronger than last year but agrees that this doesn't necessarily mean that their record against conference foes will be any better or as good. That's because last season the Raiders were pointing toward their Southwest Conference opponents, who, in turn most of the time were probably looking ahead to their official conference games.

Once more the Raiders will use the wide-open offense that kept their games thrillers to the final gun. Among Tech's formations will be the multiple wing slot, spread wing and double wing, and some split T.

Last season the outmanned Raiders spread out the defense—hoping to catch somebody napping—and threw frequently. This fall, although Tech has graduated its ace passer, Ken Tarkenton, Weaver believes the raiders' passing game may be even more effective. The reason is that the Tech running game should be stronger and keep the opposition from playing back for the pass.

Sophomores Coolidge Hunt, Lubbock fullback and Larry Tioton, Levelland halfback, join veteran Dick Polson, George Fraser, Dan Gurley and Bake Turner in giving the Raider ground offense more punch.

Most passing will be from senior Glen Anderson, a letterman, and big Johnny Lovelace, a sophomore from Fayall. The Raiders Saturdays—in store.

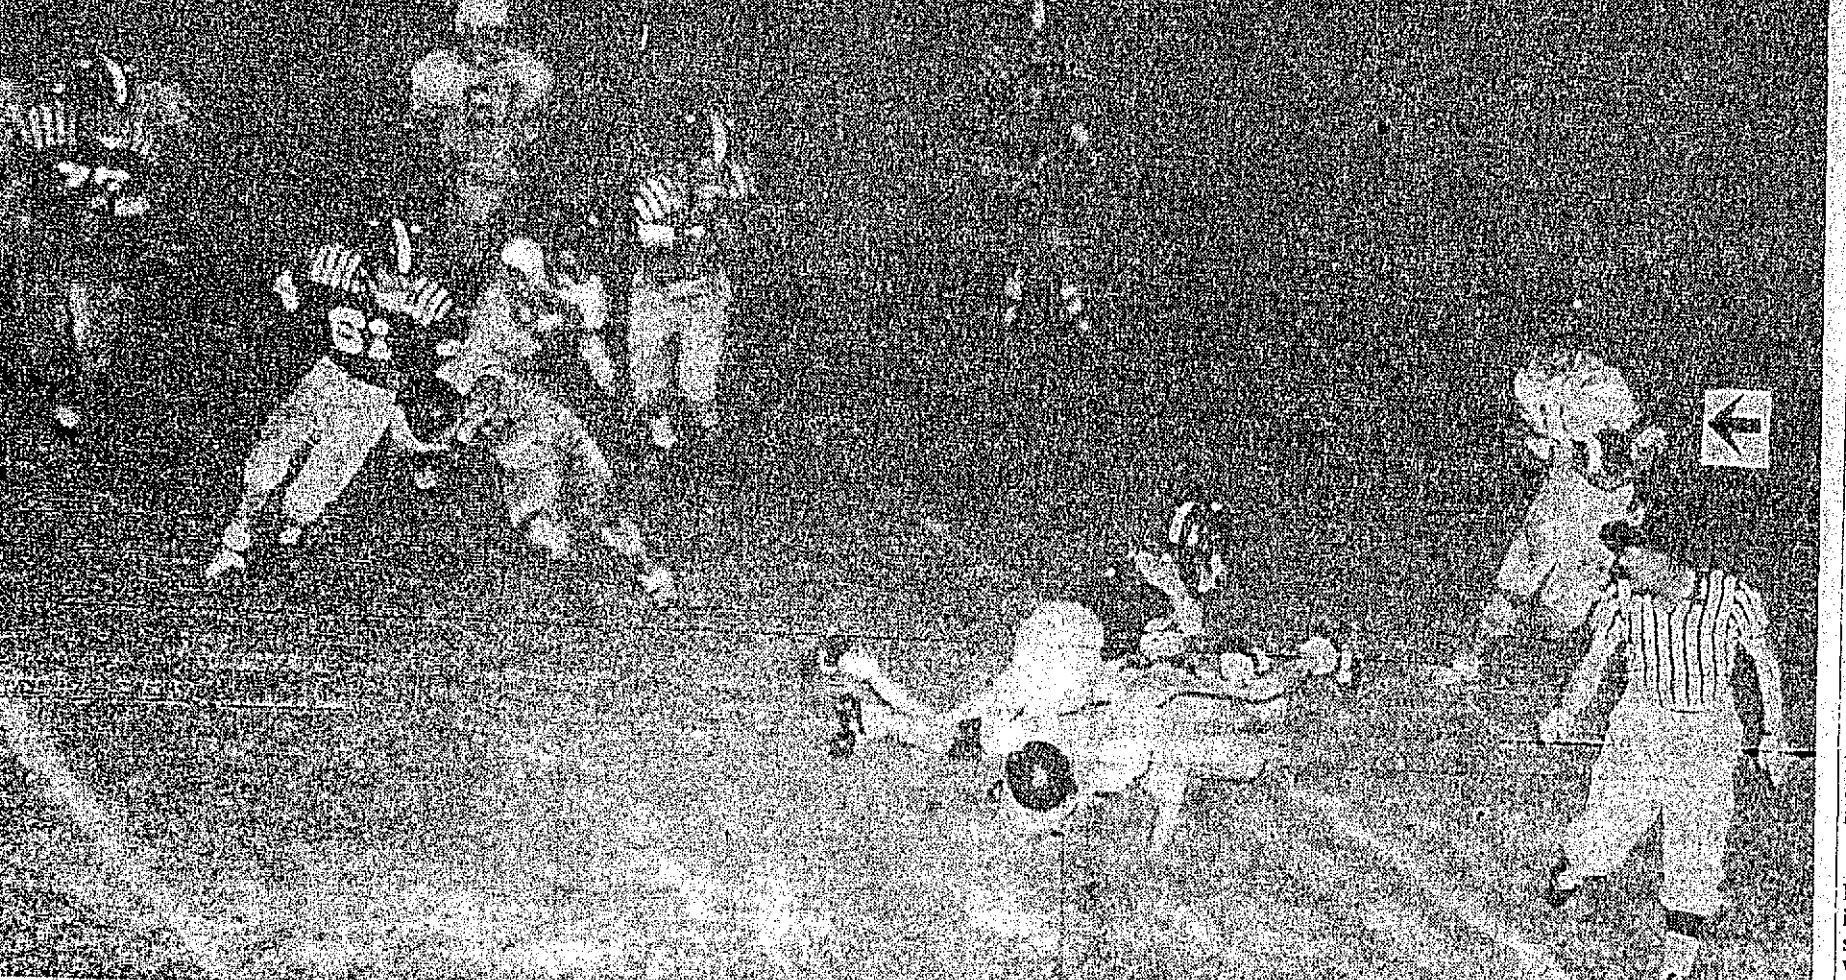

Hope Threatens But Once in 13-to-0 Loss to Zebras

THE HOPE BOBCATS LOOKED GOOD TO THE EDITOR IN THEIR opening game Friday night, dropping a 13-to-0 decision to the state's fourth-rated Pine Bluff Zebras.

THE PICTURE ABOVE SHOWS THE START OF HOPE'S LONE TOUCH.

DOWN threat, in the fourth quarter, Halfback Joe Duke, 20 (arrow), came around the Pine Bluff 21. The surge carried the Bobcats to the Pine Bluff 3 — where the Zebras held the locals for downs.

IN THIS THIRD-QUARTER PHOTO HOPE QUARTERBACK JIMMY LLOYD, 11 (arrow), made a 5-yard gain around left end, advancing the ball from the Hope 36 to the 41.

PICTURE OPPORTUNITIES WERE SCARCE IN THE SEASON'S OPENER, most of the action being on the far side or at the extreme ends of the field. Shooting

from the press box with a 360-mm. Schneider telephoto lens the camera is limited to midfield shots. Owing to insufficient lighting, even with the fastest film (Eastman's Royal X Pan, ASA 1,600) and the most powerful flashbulb (Sylvania 2-A), the lens has to be operated wide-open at F 5.5. The Editor hit the focus in the bottom plate, but missed it a little in the top shot — Duke's run.

Simmons May Get Comeback of Year Prize

By JACK HAND
Associated Press Sports Writer

When they hand out the prize for "comeback of the year" in 1960, Curt Simmons should step front and center and take a bow.

Cut loose by the Phillies in June, the veteran left-hander appeared to be all washed up. When the Phils can't use you, things are tough. But Curt shopped around and came up with a job on the St. Louis Cardinal staff which needed a southpaw.

Simmons is one big reason why the Cardinals still are in the National League race with only three weeks to go. He beat his old Philadelphia mates Sunday 7-0 for the fourth straight time.

As a result the Cards gained a half game on Pittsburgh, which was rained out of a doubleheader with Chicago. The Pirates still hold a comfortable 6½ game lead on St. Louis and have opened a 7½ game edge on third-place Milwaukee.

Don Drysdale of the Los Angeles Dodgers dimmed Milwaukee's faint hopes when he shut them out with two hits 2-0. It was his second straight shutout and third in four starts.

Gus Bell's home run and Jim O'Toole's pitching gave Cincinnati a first-game victory over San Francisco 2-1 but the Giants came back to take the second 3-2 for Stu Miller on Willie McCovey's 13th homer.

The New York Yankees opened up a one-game lead on Baltimore in the American by knocking off Cleveland twice 5-0 and 3-2 in 11 innings while Baltimore was winning a single game from Kansas City 4-0. Chicago remained three games off the pace by winning a pair from Boston 5-3 and 1-0. Detroit took two games from Washington 4-3 and 8-5.

Dodgers allowed only a single by Wes Covington in the fifth and a single by Ed Mathews in the seventh and brought his streakout total for the season to 222 in 243 innings by fanning seven Braves. Lew Burdette's hopes of winning 20 for the third straight year suffered a relapse when he was cuffed for his 10th defeat. Burdette, who has won 10, allowed only five singles.

The Giants and Reds had been scheduled for a single game but Saturday's rainout forced them to double up on their last meeting. Bell and O'Toole teamed up on Juan Marichal in the opener. The rookie lost his second game although he gave up only five hits.

The Giants battered Cal McLish and Jim Brosnan for 11 hits in the second game while Miller scattered nine hits, including Wally Post's home run.

Porkers Get Ready for First Game

FAYETTEVILLE, Ark. (AP) — The Arkansas Razorbacks today begin their five-day countdown to the 1960 season football opener with Oklahoma State in Little Rock's War Memorial Stadium.

Coach Frank Broyles was not satisfied with Saturday's scrimmage game, which the Red team won, 42-6. Broyles said it "just didn't look like an Arkansas team."

The Hogs, rated 19th in the nation by the first Associated Press poll, probably will be favored in Saturday night's opener with the Cowboys.

Texas is rated fourth in the nation and Texas Christian, the other defending Southwest Conference tri-champion, is 11th.

Broyles has indicated he doesn't believe his Hogs rate their 19th ranking. He told them last week that fall drills haven't been up to par. Broyles did say the Porkers looked a little better in Saturday's scrimmage.

Halfback Lance Alworth streaked for three touchdowns in the scrimmage. He ran 44 yards to complete a 74-yard pass play them out with two hits 2-0. It was his second straight shutout and third in four starts.

Fullback Mickey Cissell kicked six extra points in six tries. He also scored the first Red touchdown on a two-yard plunge. Halfback Harold Horton passed 10 yards to halfback Darrell Williams for a second-quarter red rally.

Quarterback Tommy Patton scored the only White touchdown on a three-yard run in the third quarter.

Halfback Jarrell Williams ran 13 yards for a third-quarter Red touchdown.
